CAMT;  
San Antonio, TX

### Math Puzzler

Two fathers took their sons fishing. Each man and son caught one fish, but when they returned to camp there were only 3 fish. How could this be?

(None of the fish were eaten, lost, or thrown back.)

*(answer at bottom)*

### Product News: Check out these new updates!

#### Improvements to Certificates Page

Several exciting additions and changes have been made to the certificates pages. Now you can:

- Print Certificates of Completion for students who have already passed on to another level.
- Choose from a variety of new vibrant designs
- Choose any design in either Spanish or English
- Preview the Certificate before printing

#### New Student Report

Students will find it easier than ever to track their progress with the new updated student report..

## Coming Soon!

More than 30 new learning objectives written to the common core! Be sure to read next month's issue for more details.

## Partner School Highlight

### Congratulations to Wentzville South Middle

Wolves are "howling" it up at South Middle School in the Wentzville, Missouri R-IV School District under the instructional assistance of Ms. Charlene Rock.

Out of 47 students, 16 students are now using Ascend **at their grade level!** What's more, 34 (72%) students have increased one level, 49% have increased two levels, and 30% have gained three levels. Four students have passed an astounding four levels! 13 students have demonstrated mastery of the multiplication table by answering all basic multiplication facts under 3 seconds. Way to go Wolves!

Wentzville South Middle 6th and 7th grade students

We're Growing. You can help!

Answer to Math Puzzler

There were only three people, the son, his father, and his grandfather.

---

**About Ascend:**

Ascend Math® is a research based instructional resource in which students have proven to achieve two or more grade level gains in a six month period. This web- delivered individualized intervention resource identifies skill gaps, prescribes targeted instruction, and motivates students to achieve their maximum performance and potential.

Ascend Math is written to Common Core and state standards. Instruction is delivered in a logical math sequence and students can progress at their own pace and track their own progress and success. Ascend Math® is currently used by hundreds of schools and districts serving tens of thousands of students throughout the U.S. and Canada. Visit [www.ascendmath.com](http://www.ascendmath.com)
