### Halloween Humor

What do you get when you divide the circumference of a jack-o'-lantern by its diameter?

### Tip of the Month

Would you like to see the progress your students have made? Do you have questions about reports in Ascend Math? Now that your students have been working for a few months, it is a great time to schedule a data review. Feel free to contact your local representative to schedule a convenient time or reply and we can schedule a time!

### Product Update

The student's name and objective number is now included in the title when study guides are downloaded within Ascend Math. This new feature was designed to assist you and your students quickly identify and locate study guides during virtual learning.

This and more information can be found in the Parent Handbook, a link located in the Parent Letter located under the Reports tab. The [Parent Handbook](#) is available in English and Spanish.

The View Classes page for administrators lists the number of students assigned to each class. This page now includes columns for Primary Students, Secondary Students and the Total. We are excited to provide this new feature to our partner schools using secondary classes.

### Partner School of the Month

### Model Educators & Model Schools

View all Model Educators on the [Ascend Math National Hall of Fame Page](#).

Congratulations to **Lowell Middle School** in Lowell, IN, our October Partner School of the Month! Students at Lowell Middle School have already completed over 1,450 objectives in Ascend. Over 15% of students have completed a level this school year!

7th grade student, Ny'Kelia H., said "Working in Ascend has made me more confident in math and I feel smart."

7th grade student, Zach B., said "I like Ascend because I can earn rewards for completing objectives, units, and leveling up."

"Ascend has allowed students to work at their level, fill math gaps, and find success through continuous pre/post assessments. Our reward program motivates students to complete and move forward in the program."

-Wendy Pitcock, Math Teacher

## Upcoming Webinars & Trainings

We are excited to offer daily drop-in sessions in addition to our regularly scheduled Training Webinars. Click [here](#) to access the link to join a drop-in session and to view the webinar topics. Register for the webinar that best fits your schedule. We look forward to visiting with you online!

Schedule your Fall Training or Data Review now! Contact your local Ascend Math representative or call (318) 865-8232 to review training options.

## 6 Things You Need to Know

You can find helpful tips in getting started by viewing the Six Things You Need to Know. Once you are signed into Ascend Math, click on the Administration tab, then select the Six Things You Need to Know link. You will find information grouped by subject. Click a subject bar to find out more.

## Tell-A-Friend

We would love to help the students of your friends or fellow educators! Visit our [website](#) to share their contact information with us and we'll send you an "I Teach Extraordinary Kids" t-shirt as our gift to you.

## Halloween Humor Answer

Pumpkin Pi!
