Student Spotlight

Proud of the hard work of students at Marietta Middle School. Keep up the good work!

[#AscendStudentSpotlight](#)

Earth Day Math!

This month's featured math problem comes from Johnsburg Junior High School in IL, our first submission to our [Earth Day Math Contest](#).

If a tree grows 5 branches and each of those branches grows an additional 5 branches and each of those grow another 5 branches, how many branches are on the tree?

Last Call for Gold Medal Nomination

Your students have been working hard in their Ascend Math program. Honor their efforts as well as yours and those of your fellow educators by nominating your class, school, or district for the Ascend Math Gold Medal.

Nominations will be accepted online through April 20, 2018.

Tip of the Month

This is a great time to review the Student Progress Summary. It displays the level each student in your class is working and how much of that level has been completed. This report has also recently been updated to include the level each student began working in Ascend Math, their current Math Level Equivalence and the amount of growth each student in your class has achieved.

Partner School of the Month

Upcoming Events

[STUDY GUIDE MANAGEMENT WEBINAR](#)

April 19 @ 4:00 pm - 4:30 pm

[NCTM ANNUAL MEETING AND EXPOSITION](#)

April 25 - April 28

Congratulations to the students and teachers of Clayton Valley Charter in Concord, CA. Students at Clayton Valley Charter have completed a total of 10,000 objectives this year!

"Clayton Valley Charter High School is committed to providing support in mathematics to every student. One of our most effective interventions is our Ascend Program. Students are motivated to use it, it fills in learning gaps and we use it to support grade level learning as well. It works!"

- Kathleen Magana M.Ed.
CVCHS TOSA Math Intervention

Free Live Training Webinars

Don't miss out on this month's free live training webinars! These webinars are designed to help school admins and teachers get the most out of their Ascend Math Implementation. Visit the [Customer Center Page](#) for upcoming live webinar topics and pre-recorded on-demand webinars.
