

Math Instructional Video Presenter

Ascend Education is seeking multiple video presenters to become part of the award winning instructional team. Math instructional levels for this project may include topics for grade levels 3 through 8 as well as Algebra I and II. Videos will address the needs of struggling math students in Title 1 schools and similar at-promise learning centers.

To apply, please **email a resume** to skoerner@sieducation.com and **submit a sample instructional video** based on the specifications below.

The instructional video sample shall cover the same content found in the YouTube link below. The candidate should solve the same problems giving careful attention to math terminology. Candidate's submissions will be judged on the accuracy of the math solution and how well the material is taught. The production quality of the video **will not** be a factor in the selection. Therefore, feel free to use a home video camera or similar.

Example video: <http://www.youtube.com/watch?v=w6btBFLE2xg>

The scope and potential compensation of the project depend on the number of learning objectives and your experience.

Please send us a link to your video. We will take submissions in any convenient standard format. If you have any questions about submitting the video, please ask. If you have any additional questions, please email skoerner@sieducation.com.
