

Ascend Flash Card Math

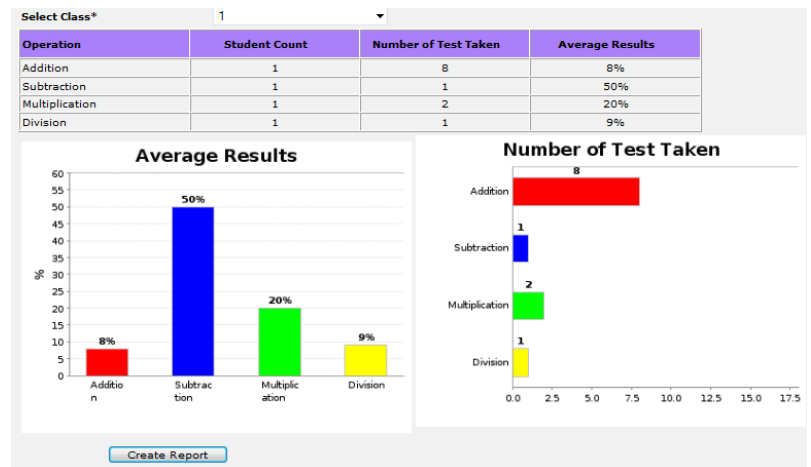

Flash Card Math is now available within Ascend! Students can access the feature by logging in and going to their home page. Those of you who have used Flash Card Math in the past may notice new features now available with the latest version, such as:

- Increase in number of problems available
- Time of quiz can be limited by teacher
- Teachers can review student activity within the Flash Card Math Dashboard.

Class	Number of Students	Desired Pre Assessment Proficiency %	Auto-assign pre-assessments <input type="checkbox"/> check all	Auto-assign after G.L.R. <input type="checkbox"/> check all	Flash Card Math Time Limit
1	18	70	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	Min. 0 Sec. 10

Save Reset

Teachers can limit the amount of time allotted for students to take the quiz, down to the minute and second.

Teachers can use the Flash Card Math Dashboard to track student attempts by operation. The average of the attempts is also listed to help teachers monitor student growth per attempt.
