Student Spotlight

Now more than ever we would love to hear about your students' success

Tip of the Month

The Live Student Tracker indicates which students are working in assigned objectives. A “†” will appear next to the student’s name if they are working in an assigned objective instead of their automated study plan.

The Live Student Tracker also has color-coded icons under the Attempts column. A green thumbs up lets you know the student has attempted the post assessment once or twice. A yellow hand indicates three to five post assessment attempts. A red hand means your student has attempted the post assessment more than six times unsuccessfully and is need of intervention.

If an objective is not mastered after three attempts, students will receive a hand on their home page map with a mouseover message “See your teacher for help with this objective”.

Product Update

In addition to Pre and Post Assessment results, the Activity Completion Report now includes the number of assigned objectives each student has completed during the report time frame. Access the Activity Completion Report under the Reports tab to track how many objectives your students complete daily, weekly or any time frame of your choice.

Partner School of the Month

Congratulations to Broward County Florida's Extended School Year (ESY) Program, our

as you move to remote learning! Tag us in a post on your favorite social media outlet and use [#AscendStudentSpotlight](#) to receive a set of Ascend Math pencils for your entire class!

Model Educators & Model Schools

View all Model Educators on the [Ascend Math National Hall of Fame Page](#).

September Partner School of the Month! Broward County ESY consisted of students in elementary, middle and high school. During summer use, many students made partial grade level gains after only a few weeks of using Ascend Math and some students gained over two grade levels. All students showed progress in individual skills.

Upcoming Webinars & Trainings

We are excited to offer daily drop-in sessions in addition to our regularly scheduled Training Webinars. Click [here](#) to access the link to join a drop-in session and to view the webinar topics. Register for the webinar that best fits your schedule. We look forward to visiting with you online!

Schedule your Fall Training or Data Review now! Contact your local Ascend Math representative or call (318) 865-8232 to review training options.

6 Things You Need to Know

You can find helpful tips in getting started by viewing the Six Things You Need to Know. Once you are signed into Ascend Math, click on the Administration tab, then select the Six Things You Need to Know link. You will find information grouped by subject. Click a subject bar to find out more.

Tell-A-Friend

We would love to help the students of your friends or fellow educators! Visit our [website](#) to share their contact information with us and we'll send you an "I Teach Extraordinary Kids" t-shirt as our gift to you.
