APRIL 2024

Gold Medal 2024 Winners

[Check out the amazing results of this year's Gold Medalists!](#)

The overarching theme of Gold Medal nominations this year has been progress. Students are discovering where the gaps in their knowledge are and filling them for a solid math foundation that allows them to

Math Fun

Why was geometry class taking so long?

feel more confident and engaged. The stories of students teaching each other, overcoming struggles, and reaching beyond their limits have been inspiring! Our Gold Medal educators and students have impressively leveraged their usage of Ascend Math this year. Together, they have completed 69,301 objective lessons and grown over 1,800 levels!

Partner School of the Month

**McDonald Junior High
Katy, TX**

Congratulations to our April School of the Month! **McDonald Junior High** is also one of our 2024 Gold Medal schools. Students there have made an average gain of 1.6 years in 7 months.

"Students love working at their pace and they work hard to finally hear the loud yodeling at the end of a passed unit! They know it's my favorite song!" -
Shannon Souter, Teacher

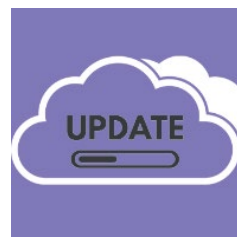

Data Reviews

It's the perfect time to see how your students have progressed! [Contact us for a Data Review session.](#)

A great way to monitor student progress anytime is using the Ascend Math Student Progress Summary report.

- Student Progress Summary Report – [Click here for pdf](#)
- Student Progress Summary – [Click here for video](#)

Product Updates!

We listened to your request in this year's customer survey so beginning on Wednesday, April 17, teachers with students in a secondary class will be to use the Assign Objectives function in Course Management. [Watch a video](#) on how Assign Objectives works or [read an article](#) on it.

Summer School 2024

Have you started to plan for summer school?

Bring Ascend Math into your 2024 summer school program and you may just find yourself talking about your success year-round. [Visit our summer school page](#) to view our Summer School Guide, scheduling ideas, and more!

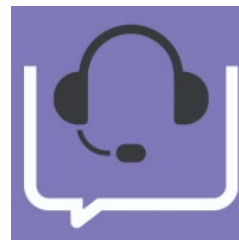

- Reaches below grade level to each student's lowest skill gaps.
- Guides each through a completely individualized study plan.
- Includes award winning online instruction and interactive activities for every math skill gap.
- Students track their own progress and move at their own pace.
- Students working in Ascend Math at least two hours per day can improve one grade level in just three to four weeks.

Plus, your Ascend Customer Success team is available during the summer to support you along the way!

Tip of the Month

Students' post-assessment test answers can be viewed in multiple ways: via the link on the Live Student Tracker (if the student does not pass on their first attempt) and on the Post Assessment Results report. [Visit our Wiki for more information.](#)

Need Help?

We have options for answers and support. [Visit the Wiki page](#) for answers 24/7.
