AUGUST 2024

**Office Hours with
Sharonda**

Beginning of Year Guide

Sharonda Jones, will be hosting biweekly [Q&A sessions](#). These sessions are an opportunity for you to get answers on all things Ascend Math, so feel free to ask about anything.

It's time to begin planning for the 2024/2025 school year. [Please click here](#) to complete this quick guide to help ensure readiness for the fall, if you have not already submitted your answers. Contact our [Customer Success team](#) with any questions.

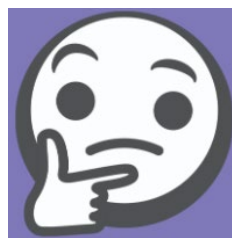

Partner School of the Month

Congratulations to **Everglades CI** in Florida, our *Partner School of the Month* for August! Students have been making strides and progressing well. Since implementing Ascend Math in April, students have collectively completed more than 930 objectives and have gained 52.7% between pre-assessment and post-assessment scores.

Tidbit Tuesday

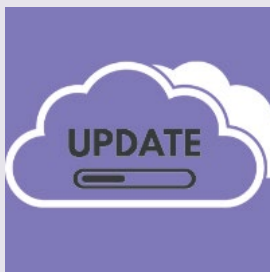

Ascend Math now offers a weekly series of fun, math-related activities related to current events. These activities offer ideas for project based learning to promote student conceptual understanding and engagement. Use these activities for entry tickets, exit tickets, extension activities and more! The posts are also all available [on our website](#). Follow us on [Facebook](#) or [Instagram](#) to see the weekly posts! [#AscendMathTBT](#)

Math Fun

Why can't you trust a polynomial to stay the same?

(Answer at the bottom of this newsletter)

Product updates!

The Ascend Math development team has been busy adding features to help teachers facilitation even better.

Assign Objectives Is Now Available to Secondary Teachers

Teachers with students in a secondary class will be able to use the Assign Objectives function in Course Management. [Watch a video](#) on how Assign Objectives works or [read an article](#) on it.

Option to Require Mastery on Assigned Objectives

Mastery can now be required on Assigned Objectives for the entire school or individual classes. [Read an article](#) about how to require mastery on AO.

Our team has been updating more lesson videos! We have updated over 150 lesson videos, with more to come. These are some of our most recently updated lessons:

- 4143 – Converting Percents to Equivalent Fractions and Mixed Numbers
- 7313 – The Substitution Property and Formulas
- 8391 – Evaluating Exponential Expressions with Signed Numbers
- A04.05.01 – Variables On Both Sides Of The Equal Sign
- E1.07.B - Measurement: Cups
- E2.01.D - Subtraction Sentences, Missing Numbers
- E2.04.A - Odd and Even

Tell-A-Friend

Know a peer who needs Ascend Math for summer school? [Share this link](#) with them to let them know What Sets Us Apart at Ascend Math!

Plus, [visit our website](#) and let us know who could benefit from Ascend Math! As a thank you we will send you an “*I Teach Extraordinary Kids*” t-shirt as a gift.

We would love to help the students of your friends or fellow educators!

Tip of the Month

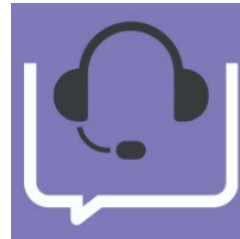

To help your students get started in their lessons with Ascend Math, you may choose to print their study guides. This can be done from the Live Student Tracker for or from the Course Management tab.

[Learn more here!](#)

6 Things You Need to Know

You can find helpful tips in getting started by viewing the *Six Things You Need to Know*. Once you are signed into Ascend Math, click on the **Administration** tab, then select the *Six Things You Need to Know* link. You will find information grouped by subject. Click a subject bar to find out more.

Need Help?

We have options for answers and support. [Visit the Wiki page](#) for answers 24/7.
