Student Spotlight

Nov 14 Jill Reese

Using Ascend Math is helping students fill in missing gaps in

Holiday Math Puzzle

Happy Holidays! Can you solve this math puzzle?

$$\text{Bear} + \text{Bear} + \text{Bear} = 6$$

$$\text{Bear} + \text{Tree} = 13$$

$$\text{Tree} - \text{Gift} = 4$$

$$\text{Bear} + \text{Tree} + \text{Gift} = ?$$

Last Chance! Tell Us What You Think

If you have not had a chance to fill out our annual Ascend Math Customer Survey please do so. Last year, your input helped bring about many improvements including the Teacher and School Summary Dashboards and Post Assessment Summary Report. We need your advice to keep on improving.

Frequently Asked Questions

We are receiving wonderful questions on this year's survey. Several of you asked similar questions so we're putting together a document of frequently asked questions to provide you with answers. Very soon, you will receive a login message with a link to the full FAQ. In the meantime, here are a few of the most common questions we've received.

Tip of the Month

Spread holiday cheer by printing certificates to encourage and reward your students' success in Ascend Math! To print certificates: 1. Open the Reports Menu 2. Select Certificates 3. Choose Batch or Individual Certificates. From there you can choose the class, student and type of certificate you would like to print. If you need additional help, click the Help button while on the Certificates page in Ascend to view a short video on our certificates.

To find more classroom resources visit our [Rewards and Resources](#) webpage.

Share Your Success!

Share your students' success with Ascend Math!

Tweet with the hashtag [#AscendStudentSpotlight](#) and tag [@AscendEducation](#) to **receive Ascend Math pencils for your entire class!**

Product Update

Coming Soon!

Be on the lookout for our new teacher and administrator user interface in 2019. The new user interface will make Ascend Math easier to navigate and more visually appealing on tablets and mobile devices.

Fidelity/Integrity Underlies Success

No matter how effective a solution, without fidelity of implementation that solution will not be successful. Fidelity of implementation, sometimes referred to as "Intervention Integrity" simply means that the intervention is carried out in the way it was designed.
