Planning for 25-26 School Year

It is time begin planning for the 2025/2026 school year.

When your students return, Ascend Math will allow your students to continue where they left off this year. Promoting your students and changing classes is quite simple and may be accomplished by updating your roster sheet.

Math Fun

Math Teacher: Your homework looks like chicken scratch, but you have all the correct answers.

(Continued at the bottom of this newsletter)

Detailed instructions are available [here](#).

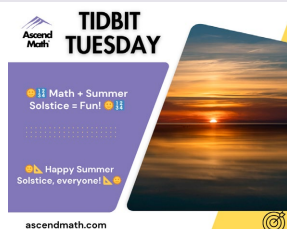

In the event you choose to have all your students take a screener, [please complete the form indicating that you want students to start with a screener](#).

Partner School of the Month

Congratulations to Gordon Bernell Charter School in New Mexico, our Partner School of the Month! We have loved seeing your students incredible progress!

"My experience using Ascend Math in the classroom over the last couple years has been great. I have students that have shown a lot of growth in the program this year. Students who are English Language Learners have made especially meaningful progress with the language supports built into the Ascend program. I often use the Ascend program lesson Video, Explore, and Practice for in-class instruction as these are helpful tools for a busy teacher and the students are engaged in the interactive lessons. Students have even started to unplug their headphones during class when they reach the flag so everyone can hear the yodel! " - Shayna Earnest

Tidbit Tuesday

Ascend Math now offers a weekly series of fun, math-related activities related to current events. These activities offer ideas for project based learning to promote student conceptual understanding and engagement. Use these activities for entry tickets, exit tickets, extension activities and more! The posts are also all available [on our website](#). Follow us on [Facebook](#) or [Instagram](#) to see the weekly posts! [#AscendMathTBT](#)

Summer School 2025

Bring Ascend Math into your summer school program and increase student engagement, conceptual understanding, and growth! All while saving time in planning and day-to-day activities. [Visit our summer school page](#) to view our Summer School Guide, get scheduling ideas, and more!

Plus, your Ascend Math Customer Success team is available during the summer to support you along the way!

Data Reviews

Tip of the Month

Ascend Math provides multiple ways to

It's the perfect time to see how your students have progressed! Contact us for a Data Review session.

A great way to monitor student progress anytime is using the Ascend Math Student Progress Summary report.

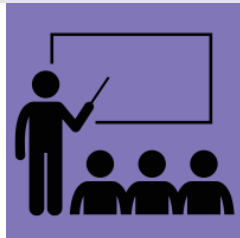

- [Student Progress Summary Report](#)
- [Student Progress Summary Video](#)

track your students' progress with real-time data. Visit our [progress monitoring page](#) or the [Individual Student Reports Wiki page](#) for more information.

Product updates!

In addition to accessibility updates, user interface improvements and new study plan options, we have updated over 180 lesson reviews to-date, with more to come. Read about our newest updates in [What's New in Ascend Math](#).

Model Educator

The Ascend Math Model Educator program recognizes and rewards teacher and their students who work diligently to achieve growth in math. [Visit our website](#) to learn more and view the submission form.

View Model Educators on the Ascend Math [National Hall of Fame](#) Page.

Tell-A-Friend

Know a peer who needs Ascend Math for summer school? [Share this link](#) with them to let them know What Sets Us Apart at Ascend Math!

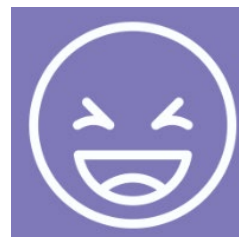

Plus, [visit our website](#) and let us know who could benefit from Ascend Math! As a thank you we will send you an "I Teach Extraordinary Kids" t-shirt as a gift.
