Partner School of the Month

Congratulations to **Volunteer High School** in Tennessee, our November Partner School of the Month! You and your students are doing amazing work!

I use Ascend to help my students with math deficits as well as reinforce what my students are being taught in Algebra 1 class. I have seen the results in both deficit areas and Algebra 1 class which has been the ah ha moment for me and my students.

- *Wendy Lawson*, Teacher

Using ASCEND allows my students to receive instruction to meet their direct and individualized needs. It connects each student to exactly where they are performing and gives them the skills they need to progress to the next level.

Math Fun Answer

I don't know; it's an irrational fear.
